EMAAR TO LAUNCH 'DUBAI STARS', WALK OF FAME

DUBAI STARS

Emaar, the developer of Burj Khalifa, The Dubai Mall, Dubai Opera, and The Dubai Fountain, has announced 'Dubai Stars,' a walk of fame saluting stars and influencers from all over the world. The project kicks off with a global campaign asking people to nominate their favourite celebrities for the first 400 stars to be featured at Dubai Stars. The first phase of Dubai Stars, set along the Sheikh Mohammed Bin Rashid Boulevard in downtown Dubai, will be unveiled in October at a mega event to be attended by the 400 featured celebrities who will launch their respective star. Dubai Stars will pay tribute to eminent personalities who have influenced the world through their work in music, film, art, architecture, sports, and literature as well as social influencers. At completion it will have over 10,000 stars, about four times the number of stars as the Hollywood walk of Fame. Dubai Stars is billed to become one of the most-visited tourist attractions that will appeal to guests globally for the diversity of celebrities featured.
